Fiscal Court Gives Complete Authority To Citizens Committee To Handle Road Tax Fund

At its regular meeting Tuesday the Madison County Fiscal Court, took action, which delegates complete authority to the Special Citizens' Committee to handle the special road tax fund, if voted by the people on Nov. 7th.

Such action means that not a nickel of the money that may be raised will be spent except under the direct supervision of a group of the most prominent and experienced business men of the county. No possible better guarantee could be given the people that every cent of their money will be properly expended under the most careful and economical supervision. They are assured of a dollar's worth for every dollar. The members of the Citizens' Committee are men who have

Richmond, Kentucky,
October 3, 1922.

To The Voters of Madison County:

As regards the building of State Aid Highways—under the law as at present, same having become effective at the last session of the State Legislature, all work done on such Highways must be let by competitive bid, the work then proceeding to completion under the direct supervision of the State Highway Department, which Department has charge of the planning of the work before contract is let in consideration with those in the County authorized to act in the matter, that is, as to location, type of construction, extent of work to be done, etc. The law makes it impossible for the State to employ any of its road building machinery or force, other than Engineers, or for the State to enter into any contract with the County to employ any of the County's forces on such work.

Thundersigned have appointed a Committee of Citizens, in whom we have the utmost confidence, for the specific purpose of administering the proceeds of the proposed 20c Road Tax, if voted. To this Committee we propose to turn over, as a separate fund, to be kept as a separate account, this 20c Tax collected, and will expect same expended only for the purpose, as stated, of meeting the State and Federal Aid on the Tates Creek, Boone, Lexington, Richmond-McKee, Lexington, Lancaster and Irvine Pike—Inter-County Seat projects.

Under the law at present, we, the County Judge, the Fiscal Court and the County Road Engineer, cannot, if we would, have anything to say as to the construction of these State-Aid Inter-County State Highways. After the kind, location, and extent of the improvement is fixed, our only duty is to pay for our part as called on by the State. When the work is completed, the State, and not Madison County, is responsible for the maintenance and keeping in condition of State Aid Roads, and all of the expense of same.

As an evidence of our confidence in the Committee we have appointed, and in order that this whole proposition may be made as clear as possible, we hereby pledge ourselves, individually and collectively, to abide absolutely by the recommendations of this Committee as to the above project in any way, and promise that their judgment shall be final and binding on us in any matter connected with the spending of the revenue from this proposed 20c—six year, Road Tax.

FISCAL COURT VOTES FOR COMMUNITY NURSE

Favorable Action By City Council Thursday All That's Needed To Assure It

The matter of the public health nurse was presented to the county court Tuesday by the committee of the Welfare League, consisting of Chairman Dr. O. O. Green, Mrs. Ballard Luxon, Mayor Wm. O'Neil and Miss Williamson, of Louisville, Superintendent of the State Public Health Nursing.

The fiscal court after hearing the offer made by the State Board of Health to furnish \$900 toward the salary of the public health nurse of Madison county if the county court and the city would appropriate \$600 for this purpose, voted \$50 per month, asked for and like action by the city council at its meeting on Thursday night will put Madison abreast of the other 74 counties in the state that have made the necessary appropriations and now have the benefit of the services of a trained nurse.

This will mean much for the children of Madison and the general improvement of the health of its homes.

In addition to the speeches made by the committee strong appeals for favorable action by the court were made by Dr. R. C. Coomer, Dr. J. G. Bosley and Miss Curraleeen Smith.

RIISING BALL PLAYER TO COVER THIRD

Through some fine playing with the Columbia Mining Company of near Hazard, this summer, Clayton Mainous, popular Normal student, has been selected as the third baseman to perform against the Louisville Colonels in their exhibition game here Oct. 12. He played on the Eastern team in two of the years in which Combs was the star performer. Combs covered short while Mainous played beside him at the hot corner. He knows Combs' style and has put in some hard work with this drawing card. Mainous was the fastest fielding member of the Eastern team last spring but did not show up so well with the stick. He overcame this weakness, however, while playing in the mountains this summer, hitting well above the coveted .300 mark. He has been playing regularly and is in fine condition for the game. Mainous as well as all of the rest of the boys are keyed up for the contest which they have a fine possibility of winning.

Manager Hise is getting everything down to a fine point, and is almost ready to make a definite announcement regarding his lineup. The local fans are watching the work of Clif Tatum, who will pitch the game, with much interest. They were very pleased to learn that he slat out the fast Dixie Lee Cream nine from Lexington last Saturday while pitching for the Paint Lick nine. The boys expect to get out on the Normal diamond a few days before the big doings and see how things will seem. All have been playing the entire summer and are in the pink of condition.

Bring on the Colonels!

CIRCUIT COURT IS CLEANING UP DOCKET

Judge Shackelford is keeping the circuit court working hard on criminal cases that are before it, so that the docket may be well cleared up by the next time the feud case comes here for trial from Bell county next week.

Joe Kelly caught a dose of \$200 and 60 days on a charge of violating the prohibition laws, and Owen Kelly was given the same. Loyd Webb was found not guilty of shooting on the public highway. George Gooden failed to appear and his bond was forfeited and he was fined \$100 for permitting a minor to play pool. For the same offense Wright Hamilton was also fined \$100. The case as to Ed Ritter, who worked for Hamilton, was dismissed. Curt Terrill was acquitted of violation of the prohibition law. Lonnie West was given \$50 fine and 10 days on a charge of carrying concealed, a deadly weapon.

The court was occupied most of the day with trial of Terry Moses Perkins, charged with attempting to detain Mrs. Jim H. Jones. This case was being hard fought with a number of lawyers on each side.

At the opening of the court, Tuesday, three new attorneys were sworn in as members of the local bar, Judge W. K. Price, Owen Hise and B. Z. McKinney.

HUSBAND AND WIFE IN PISTOL ARGUMENT

(By Associated Press)
Louisville, Ky., Oct. 4.—Mrs. Cleo Mathena, 29, is in a hospital here today with bullet wound in her abdomen. Her condition is serious. Her husband, James, is in jail. Police say the couple engaged in a pistol duel this morning at their home here. Mathena today said they "had a little too much to drink last night that's all." He asserted his wife "is one of the best scouts in the world." He added they have been living together 15 years and never had any trouble. Their son, Marion, 12, also has a wound in his leg. The wife asserts Mathena quarreled with her about money. Angered, she seized a pistol, she said, and fired twice in the air. Mathena said she shot at him. "That was no way to do," he said and declared he got his pistol in order to "stop her."

DODGERS TRIUMPH OVER NICHOLASVILLE

After their 10 to 0 victory over the Nicholasville eleven last Saturday the Dodgers are preparing to take a trip to Paris where they hope to continue their winnings. The game with the Paris eleven may be played next Saturday. This local team, for boys 15 years of age and younger, made quite a record last year and hope to continue their good work this season.

The game Saturday was a clean cut victory, coming as the result of a touchdown scored by Captain Pearson and a drop kick from the field on the part of Hugh Young. In scoring the touchdown Captain Pearson plunged thru center for ten yards. Young kicked goal after touchdown over the line of scrimmage. He also dropped a pretty kick for three additional points. The line-up: Nicholasville: Bettes center; Boone guard; Buelford guard;

MONEY NEEDED TO HELP GOOD CAUSE

In order to carry on a campaign of publicity to give to the voters of Madison county the facts in regard to the proposition to vote on a tax of 20c on each \$100 of taxable property, it will be necessary to raise about \$1,000. The committee and friends of the movement have already subscribed \$200 and any person who is in favor of a progressive movement to improve Madison roads and reconstruct the inter-county seat highways so that the state will take and maintain them, is asked to give his or her donation to R. M. Rowland at the Southern National Bank. The money

A Wise Woman

A famous medical man of ancient times states regarding his writings that they were but a collection of knowledge obtained from the "Wise Woman." Do you realize that in those times the women, and not the men, knew about the healing properties of medicinal plants, roots and herbs? From the earliest times, women had a knowledge of the treatment of disease and of the healing merit of roots and herbs. Lydia E. Pinkham's Vegetable Compound was originated by a woman, Lydia E. Pinkham, and is now known and praised by women of all ages. It is prepared from roots and herbs having medicinal action of great value in the treatment of troubles women so often have.

Miners Write Own Epitaph

A few chalk marks on a wall of stone tell the tragedy of the 37 miners whose bodies were found entombed in the Argonaut mine at Jackson, Cal. Who Owns The Railroads?

Over six thousand people, comprising individuals from every walk of life, are owners of stock of the Louisville & Nashville Railroad Company, and many times this number have invested in its bonds, and both are directly concerned with the management and development of its property.

Insurance companies and savings banks are the largest owners of railroad bonds, and the greater part of their assets is invested therein. Every holder of an insurance policy, therefore, and every depositor in a savings bank, has an indirect but very real interest in the prosperity of the railroads.

The executives of American Railroads are in effect trustees for the owners of properties in which more money is invested than in any other industry in the United States, except farming, and the successful management of those properties concerns, directly or indirectly, a greater number of American families than that of any single industry.

Be fair in your dealings with, and your opinions of, American Railroads. The prosperity of each of them and the prosperity of their owners is vitally concerned with, and essentially dependent upon, the prosperity of the territory they serve.

The Louisville and Nashville Railroad Is Building the South

By convenient schedules and through service to America's principal population and business centers, the L. & N. is rendering a distinct and distinctive service to the territory in which it operates. When you are planning a vacation or business trip consult any ticket agent.

No Discontinuation of Passenger Service

Notwithstanding the severe conditions under which railroads have been obliged to operate during the past two months, the L. & N., up to the present time, has not found it necessary to discontinue any of its passenger train or sleeping car service.

PEAR TREE STILL AMBITIOUS

Thirty Years Old, Blown Down and Propped Up, Continues to Bear Crop.

Grand Rapids, Mich.—Miss May L. Godfrey's pear tree, old and wobbly, is still ambitious. This tree is between thirty-five and forty years old, has been blown down and propped up again, and seems to have the greater part of its roots almost on top of the ground. But it produces heavily.

The tree, according to the caretaker, H. Randall, originally was a crab-apple tree, and the pear shoots were grafted to it. Mr. Randall expects the tree to live many more years yet and to bear many more bushels of pears. This year, he says, the yield was from six to eight bushels.

A SIN TO LET HAIR FALL OUT

35c "Danderine" Saves Your Hair—Ends Dandruff! Delightful Tonic

Hurry! It's your duty! Each day you see a little more hair falling out and you are making no effort to avoid baldness. What a pity. Falling hair means your hair is weak, sick—possibly dandruff is strangling it or the hair root pores in the scalp are not firm and tight, thus wasting the hair growing oils.

Danderine almost instantly stops falling hair of men or women and cleans every particle of dandruff away, then the hair takes on new life, vigor and strength to grow strong, thick and long.

Danderine is delightful—not sticky or greasy. Go to any drugstore now and get a bottle. Use it. Have healthy, heavy, beautiful hair and lots of it. ad

MEMORIALS being erected in all parts of the country today in honor of the heroes of the great war, are modern expressions of the world old custom of honoring and perpetuating the memory of the conspicuously worthy life.

What the community feels and does for its heroes, the family that has been bereaved feels and strives to do for that member whose worthiness they see so clearly and whose life they wish to honor.

The conscientious funeral director recognizes the fundamental human instincts which seek expression at such a time, and strives to give to those in all stations of life facilities that will meet every demand and, being perfect in every other way, will be perfectly consistent.

HEARD ABOUT TOWN

W. S. Smathers has returned from a business trip to Cleveland, Ohio.

Mrs. J. W. Smith is over from Lexington for a visit to her son, J. Preston Smith.

The Lexington Leader had this about a brother of Dr. Homer W. Carpenter: Rev. Vera C. Carpenter, who has just returned from Porto Rico where he was pastor of a mission, was the guest over Sunday of Judge Matthew Walton and Mrs. Walton on West Third street. He preached in the morning at the Maxwell Street Christian church and in the evening at the Woodland Christian church and left today for Sturgis to conduct a meeting.

The Irvine Tribune said last week: Mr. and Mrs. Ed Warford, of Richmond, came to Ravenna for a visit to Mr. and Mrs. Bill Ballard. Mr. and Mrs. Warford will move to Ravenna or Irvine in the near future as Mr. Warford has accepted a position in Supt. Hayden's office as bookkeeper. Mr. Warford is also a finished player on the slide trombone and will be a real addition to the L. & N. band.

EXECUTORS' SALE

The undersigned as executors of William C. Fish deceased, will on the **14th day of Oct. '22, at 10 a. m.**

offer for sale at public auction on the premises, about one-half mile from Paint Lick, Kentucky on the Madison County side, and fronting the Richmond and Lancaster turnpike, the farm owned by him consisting of

210 ACRES OF LAND

This farm is ideally located, being about halfway between Richmond and Lancaster and close to Paint Lick, one of the best small towns in Central Kentucky, and having a large brick graded school. The neighborhood is the very best that can be found anywhere. The farm itself is a very fertile farm, which was occupied by Mr. Fish for many years before he moved to Richmond, has been well taken care of and the soil will raise the very best tobacco or any other crops raised in Kentucky. This farm is improved by a large frame residence, beautifully situated on top of a hill, with a large yard filled with shade trees and shrubbery of every kind, has a splendid garage, and all necessary out buildings. It also has a large tobacco barn that will house fifteen acres of tobacco, a splendidly constructed stock barn, well equipped, with a large cistern adjoining same. The farm is well watered being supplied by an everlasting spring, with water brought already installed and a good pond, also two large cisterns at the residence. The farm is also improved by two tenant houses, one of them the old toll gate house on the Richmond and Lancaster pike. About 65 acres of this farm was cultivated in corn and tobacco in 1922 and will be sown in rye by the present owner. About 25 acres was in rye in 1922 and the balance in grass.

TERMS

The farm will be sold for ten per cent cash on the day of sale and 23 1/3 per cent cash on the first day of January, 1923 at which time deed will be delivered and possession given. In case the purchaser desires he will be permitted to execute bond with good security on the day of sale to pay one-third cash on January 1st, 1923, instead of paying ten per cent down. The purchaser will be given the option to pay the remainder as he desires, the whole in cash or if he prefers, may pay it in five equal installments, due one, two, three, four and five years from January 1st, 1923.

This farm is sold pursuant to the directions of the will of the late William C. Fish and bidding will be absolutely free and open, with no by bidding of any kind permitted. Prospective purchasers are invited to inspect the premises now occupied by Mr. Luther Fish. There is no more desirable farm of 210 acres of land, considering location, fertility and improvements in Central Kentucky.
